RE-EXAMINE

REPORT FROM "TERENTIL" ON GERMAN AND BRITISH  
ACTIVITIES REGARDING SPAIN (1944)

From: STOCKHOLM

To: MOSCOW

No: 432

9 Feb. 44

To the 8th Department.

On the 7th February 1944 "TERENTIL"<sup>X</sup>[1] told "CLARA"<sup>X</sup>(KLARA)<sup>X</sup>[11] that

[20 groups unrecovered]

German industrialists for talks with the Spanish Minister in England

[34 groups unrecoverable]

draw in [1 group unrecovered]. By the same means FRAMCO would be removed, British influence would gain predominance and the revolutionary parties would be got out of the way. RIBBENTROP is against the monarchy and unreservedly for keeping FRAMCO, and so is giving GROSSMAN the task of keeping an eye on the meeting between the industrialists and the British, as the Nazis are sure that the British will advise overthrowing the HITLER régime and suing for peace.
